READING/EDUCATION LEVEL	Grade 2 (pre-NQF levels)
ADMINISTRATION TIME	10-15 minutes
SCORING OPTIONS	Hand-scorable
PUBLICATION DATE	2001; 2005
TRAINING	None
LANGUAGES	English
SA NORMS	No

The Tower of LondonDX 2nd Edition (TOLDX 2<sup>nd</sup> Ed.) quickly assesses higher-order problem-solving, specifically executive planning activities. The information it provides is not only useful when assessing frontal lobe damage, but also when evaluating attention disorders and executive functioning difficulties.

## ASSESSMENT SCALES

- Task analysis
- Cognitive computations
- Working memory
- Allocation and maintenance of attention
- Inhibition and Impulsivity
- Cognitive flexibility
- Stimulus-bound

### **AREAS OF APPLICATION**

- ADHD diagnosis
- Intervention planning
- Executive functioning assessment
- Research

### **REPORT OPTION**

Since the TOLDX 2<sup>nd</sup> Ed. is a hand-scorable assessment, there are currently no software reports available.

### **SOUTH AFRICAN RESEARCH**

Although South African research is not currently available for the TOLDX 2<sup>nd</sup> Ed., JvR Psychometrics welcomes the opportunity to partner with clients in conducting research studies.
